SAFETY DATA SHEET
BarChip 48 Synthetic Reinforcing Fibre

Important
Read this SDS before handling and disposing of this product and pass this information on to all users of this product.

Modified 13/06/2019 4:00 pm
Name of Product: BarChip 48

1 Identification of the substance/mixture and of the company/undertaking
1.1 Company
BarChip Inc. Pty Ltd (Australia)
Ph: +61 1300 131 158
Fax: +61 1300 131 159
2/6 Qualtrough St
Woolloongabba, QLD, 4102

1.2 Product Identification
Product name: BarChip 48
Chemical Family: Polyolefin
Emergency phone: +61 1300 131 158
Email: info@barchip.com
Contact: Geoff Sedgman

2 Hazards identification
Risk Phrases:
Not harmful to health or environment under normal use of product.
If material is heated up, may cause burns.

3 Composition / information on ingredients
3.1 Composition
Compositions given are typical values, not specifications.

Chemical formula: \([-\text{CH}_2-\text{CH (CH}_3)\text{n- or } (\text{CH}_2-\text{CH})\text{n-}\]

UN Classification: The product is not regarded as a hazardous item.

3.2 Information on Components
Hazardous component(s): None
SAFETY DATA SHEET
BarChip 48 Synthetic Reinforcing Fibre

4 First aid measures
   Eye Contact: Rinse the eyes with clean water, then seek medical assistance.
   Skin Contact: Rinse well with clean water.
   Inhalation: Not expected to present a significant inhalation hazard. In case of breathing excessive, airborne dust, move people to a place with clean air. Seek medical assistance if required.
   Ingestion: No specific treatment is necessary, however, if swallowed large amounts, vomit immediately, and seek medical assistance.

5 Fire fighting measures
   Extinguishing methods: Stop the cause of the fire first, extinguish the fire using chemical foam. Water spray around the surrounding area to cool down. Wear fire protective gear and mask.
   Extinguishing agent: Dry chemical, carbon dioxide gas, alcofoam or water spray.

6 Accidental release measures
   Sweep up the product, store for disposal in accordance with section 13.

7 Handling and storage
   Handling: Keep away from ignition sources. Avoid direct sunlight and keep indoors with good ventilation.
   Storage: Keep away from heat or ignition sources. Don’t store near strong oxidising agent (halogen, peroxide, etc)

8 Exposure controls/personal protection
   Acceptable density: Not specified by ACGIH 1995 version
   Measure for facility: No specific measure required
   Respiratory protective wear: Preferable to wear dust proof mask
   Protective glasses: Preferable to wear protective glasses.
   Protective gloves: Cotton gloves are recommendable
   Protective clothes: Preferable to wear long sleeve wear
SAFETY DATA SHEET
BarChip 48 Synthetic Reinforcing Fibre

9  **Physical and chemical properties**

Appearance: Solid Body (short fibre made of virgin polypropylene)
Length: 48 mm
No. Fibres per kg: 59,500
Reinforcing length linear m per kg: 2860 m
Specific gravity: 0.89 - 0.91 g/cm³
Boiling point: None (dissolves)
Steam pressure: None (solid body)
Melting point: 160 - 170 degrees Celsius (ISO 11357-3:2011)
Solution degree: Water - not soluble
Stability / reaction: Stable under normal storage
Volatilisation: None

10  **Stability and reactivity**

Flammability: Combustible
Flash ignition point: 320 degrees Celsius (ASTM D 1929:2012)
Self-ignition point: 360 degrees Celsius (ASTM D 1929:2012)
Explosive limit: None
Ignition character: Natural ignition character / reaction with water: none
Oxidisation character: None
Self reactive explosiveness: None
Dusty explosiveness: None
Stability / reaction: By heat dissolution, it occurs CO, CO₂ gas.
It reacts with strong oxidising agent

11  **Toxicology information**

Acute oral toxicity: No specific data on this matter is available, as there is no toxicity in
the raw material.
Acute skin toxicity: No specific data on this matter is available, as there is no toxicity in
the raw material.
Acute respiratory toxicity: No specific data on this matter is available, as there is no toxicity in
the raw material.
Various causes: No specific data
Genetic toxicity: No specific data
SAFETY DATA SHEET
BarChip 48 Synthetic Reinforcing Fibre

12 Ecological information
Not available

13 Disposal considerations
Dispose of product in accordance with local and national regulations on waste disposal.

14 Transport information
On loading, beware not to break the bags. Pack properly. Avoid water and rough handling.

15 Regulatory information
Follow the local and national regulations on disposing, fire laws, Occupational Health and Safety law and PRTR.

15.1 Labelling (Regulation (EC) No. 1272/2008)
Not a hazardous substance or mixture according to Regulation (EC) No. 1272/2008.

16 Other information
All information contained herein is based on the present state of our knowledge at the date of issue. It is believed to be accurate. It is intended to describe products from the point of view of safety requirements. It should not therefore be construed as guaranteeing specific properties. Under no circumstances is the user exempt from respecting legislative or administrative tests related to the product in terms of safety, hygiene, health and used in accordance with good industrial hygiene practices and according to local regulations. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage, or expense arising out of or in any way connected with the handling, storage, use of disposal of the product. This MSDS is prepared and is to be used only for this product. If the product is used as a component in some other product, the MSDS information may not be applicable.

17 Environmental Responsibility
It is the responsibility of all stakeholders to ensure the responsible use and disposal of all materials on a project. BarChip Inc.’s Environmental Management Plan outlines the processes for each stage of the MSF project lifecycle. Failure Modes and Effect Analysis along with Product Handling Flow Charts are provided.
